

Color Certification Supplies

Congratulations on your new Mary Kay business! Below is a list of supplies you will need to be able to become skilled in the art of color!! If you don't have these items you can order them through InTouch. A lot of the products you have in your starter kit! If you don't order the other items please know that you can still come to the Studio and get your training you just won't use the items you don't have on your customers that night. As you build your confidence in color you will also build the supplies that you need to do a complete color look!!

I am looking forward to helping you become more color confident! You will need to have your guests come with a clean face to the studio and have them wear a light or dark colored shirt to contrast their skin tone. You will also need the mascara wands, sponge eye applicators, and your mineral foundation brushes. As you continue to build your business, you may eventually begin demoing out your own brushes.
